

# Instructions For Reporting State-Assessed Property

## Telephone Companies-Local Exchange Carriers

LIEN DATE 2019

### BOARD MEMBERS

SEN. GEORGE RUNNER (RET.)  
First District  
Lancaster

FIONA MA, CPA  
Second District  
San Francisco

JEROME E. HORTON  
Third District  
Los Angeles County

DIANE L. HARKEY  
Fourth District  
Orange County

BETTY T. YEE  
State Controller

DEAN R. KINNEE  
Executive Director

## ***Foreword***

The California State Board of Equalization (BOE) is required, under the provisions of [section 19](#) of Article XIII of the Constitution, to assess annually all property, other than franchises, owned or used by telephone companies. These instructions are for the direction of those persons responsible for reporting such property. If you have any questions regarding the property statement forms or reporting instructions, contact the State-Assessed Properties Division at 1-916-274-3270, and request to be transferred to the Local Exchange Telephone industry lead person.

All property statement forms and reporting instructions are available on the BOE website at [www.boe.ca.gov/proptaxes/sappcont.htm](http://www.boe.ca.gov/proptaxes/sappcont.htm).

# ***I. Property Statement***

## **A. General**

A sworn property statement shall be filed annually with the BOE by each person, corporation, or other entity owning, claiming, possessing, using, controlling, or managing any state-assessed property.

This statement shall consist of:

1. Declaration of Costs and Other Related Property Information
2. Tangible Property List
3. Summary Control
4. Statement of Land Changes and Land Identification Maps
5. Schedules of Leased Equipment
6. Such other information as is hereinafter directed or as may be from time to time requested by the Board

Except as noted below, all parts of the property statement shall be filed not later than *March 1*. When there is nothing to report on a portion of the property statement, the state assessee must submit the appropriate form marked "NONE." Failure to respond to all parts of the Property Statement may subject the assessee to the penalties of section 830 of the Revenue and Taxation Code.

To meet unusual situations, exceptions to the requirements of these instructions may be granted in writing by the Chief of the State-Assessed Properties Division.

The Board, for good cause, may grant extensions as follows:

1. Up to 45 days for parts of the property statement relating to development of unitary value indicators. This includes all financial schedules, the summary control, and any supplemental data requested by the Board. It also includes studies and other voluntary information that the assessee believes affects the value of their property.
2. Up to 30 days for parts of the property statement describing specific operating or nonunitary property. This includes Tangible Property Lists, Statements of Land Changes and Land Identification Maps, and Schedules of Leased Equipment.
3. An additional 15-day extension may be granted for either category above upon the showing of extraordinary circumstances which prevent filing the statement within the first extension.

Supplemental reporting instructions may be issued to individual companies when additional data is needed or to clarify these instructions concerning specific issues.

Portions of the State Constitution, Revenue and Taxation Code, and other codes have pertinent information relating to the instructions contained in this publication. All of the codes and portions of the State Constitution pertaining to property tax laws are contained in a publication of the BOE titled *Property Taxes Law Guide*.

To find out more about purchasing the *Property Taxes Law Guide* visit the BOE website at [www.boe.ca.gov](http://www.boe.ca.gov).

*All information provided in the Property Statement declaration is subject to audit.*

## **B. Declaration of Costs and Other Related Property Information (BOE-517-LE)**

This property statement must be signed by the owner or partner of the business, a duly appointed fiduciary, or an agent. When signed by an agent or employee other than a member of the bar, a certified public accountant, a public accountant, or a duly appointed fiduciary, the assessee's written authorization of the agent or employee to sign the statement on behalf of the assessee should be on file with the State-Assessed Properties Division. The entry on the line "title" should clearly indicate whether or not written authorization is required to be filed with the Board.

In the case of a corporation, the property statement must be signed by an employee or agent whom the board of directors has designated in writing (other than those excepted above), by name or by title, to sign

such statements on behalf of the corporation, or by an officer of the corporation. The board of directors may appoint a person or persons to designate such employee or agent. The name of the corporation should be entered on the line provided.

*Sign the property statement in accordance with the requirements listed above. [Title 18, section 172 of the California Code of Regulations](#) provides that statements not properly signed have not been properly submitted.*

## **1. Statement of Authorization**

In the cases where a company is assigning an agent or authorized representative other than the owner or a corporate officer to act as agent for Property Taxes matters with the BOE, a [BOE-892, Statement of Authorization](#), must be filed with the State-Assessed Properties Division. The filing must be submitted annually in order for the agent or representative's status to remain current.

## **2. Financial Schedules A to E**

These schedules shall be used to show the taxpayer's balance sheet, income and expense statement, and such other information as is required on forms (BOE-517-LE and applicable inserts) supplied by the State-Assessed Properties Division.

Private right of way costs should be reported on Schedule B with the account number used by the company to identify the cost.

Schedule E—Statement of Deferred Income Taxes of BOE-517-LE is essentially the same information filed on Schedules B-11 and B-12 of the Annual Report (Form M) to the Federal Communications Commission (FCC) and/or California Public Utilities Commission (CPUC). Schedules B-11 and B-12 of the Annual Report to FCC/CPUC may be submitted as a substitute for Schedule E of BOE-517-LE.

## **C. Tangible Property List (TPL)**

### **1. General**

All state-assessed property (owned or used) in California except licensed motor vehicles, other exempt property and land shall be listed on the Tangible Property List (TPL). The TPL must be filed using the electronic format described below.

**Electronic TPL Filing Format**—An electronic TPL may be filed by email or on a compact disc. TPLs filed by email should be submitted to [TPL@boe.ca.gov](mailto:TPL@boe.ca.gov). In order to facilitate an acceptable electronic filing, please request an electronic TPL template and instructions from the State-Assessed Properties Division. The template is in an Excel spreadsheet format and it contains detailed instructions. A hardcopy printout of the TPL must be included with the property statement to constitute a proper filing. See [Appendix C—Sample Tangible Property List](#) for an example of the printed file. Once an acceptable electronic TPL has been filed with the State-Assessed Properties Division, that electronic template may be used to file an acceptable TPL in succeeding years.

The TPL shall accurately describe the property as it exists at 12:01 a.m. on the first day of January. Each entry on the TPL must include the following data elements:

- a. **Assessee Name**—Each TPL page shall be completed with the name of your business entity.
- b. **SBE Number**—Each TPL item shall be completed with your SBE assigned assessee number.
- c. **County Number**—Each TPL item shall be completed with the numerical equivalent for county name. A listing of county names and county numbers is provided in [Appendix B](#).
- d. **Identification Number**—Each TPL item should be assigned an identification number 1 to 6 digits that is unique in each county. The same item located in the same county reported in subsequent years should use the same identification number.
- e. **Description**—41 spaces are available to describe each item. A nonoperating improvement must be described by identifying the SBE land parcel on which it is situated.

- f. **Tax Rate Area**—The general countywide Tax Rate Area 000 001 00 for unitary property should be listed first. All property carried on the books of the assessee in nonoperating property accounts, or classified by the State-Assessed Properties Division as nonoperating property in the prior year shall be reported in the specific Tax Rate Area where such property is located. See [section K, item 6](#) for an explanation of Tax Rate Areas.
- g. **TPL Item**—TPL items shall be numbered consecutively beginning with item one (1) to the end of each county.
- h. **Account Prefix**—The account prefix should be one that was selected from the table shown in [Appendix A](#).
- i. **Account Number**—Account numbers shall be those established by your regulating authority (CPUC, FCC, etc.) using the format (9999.99).
- j. **Amount**—Original cost (100 percent of acquisition cost without depreciation) shall be reported for each item listed. Include all costs required to place the property in service. For self-constructed property, impute an amount for items of cost not directly incurred. All costs should be expressed in whole dollars. Leased property should be listed on the TPL with no dollar amounts shown.

## 2. Leased Properties

Leased properties, excluding licensed motor vehicles, other exempt property, and land reported to the Board for assessment must be included in the TPL. No costs or account numbers need be associated with leased properties. See [Appendix C](#) Sample TPL item 6. Leased properties should be reported in the countywide Tax Rate Area 000 001 00.

## 3. Nonunitary Properties

All properties carried on the books of the assessee in nonoperating accounts or classified by the State-Assessed Properties Division as nonoperating or nonunitary property the prior year, should be reported on the Tangible Property List (TPL). The TPL form will not be included in your Property Statement packet. Contact the State-Assessed Properties Division by phone to receive an electronic copy of the form and step-by-step instructions for reporting nonoperating property on the TPL. Nonoperating property must also be reported in the specific Tax Rate Area where such nonoperating property is located. See section K, item 6 for an explanation of Tax Rate Areas.

## D. Summary Control

This statement ([BOE-552-LE](#)) shall show a summary by accounts of:

1. Costs reported on the Tangible Property List
2. Cost of land
3. Cost of licensed vehicles
4. Cost in overhead accounts if not spread over other accounts
5. Other costs
6. Depreciation reserve of plant and equipment, nonoperating property, licensed motor vehicles, and exempt software

The Summary Control statement shall be reconciled with the assessee's records as of December 31 of the year immediately preceding the lien date. The *Grand Total* in the Tangible Property List Items column must agree with the totals on the TPL.

The following, BOE-552-LE, is an example of the format to be used. The accounts listed are those prescribed by the Federal Communications Commission for Class A Telephone Companies.

## **E. Statement of Land Changes**

All land owned or used by state assessesees (including gas transmission companies), other than land associated with intercounty pipelines, must be reported to the Board. The term “used by” includes properties leased by your company from a private party or governmental entity. The BOE may delegate assessment responsibility to local assessors when state assessesees use only a part of a leased property and the taxes are paid by the local assessee.

Assesseees that own, lease, or use a fiber optic cable or gas transmission pipeline right-of-way must report the number of miles of right-of-way on the [BOE-534-FO](#), *Schedule of Fiber Optic Right-of-Way Miles*, or the [BOE-534-PL](#), *Schedule of Gas Transmission Pipeline Right-of-Way Miles*.

### **1. General**

The [BOE-551](#), *Statement of Land Changes (SLC)*, is a multi-purpose form used to notify the State-Assessed Properties Division of any land purchases, land sales, and change in lease arrangements since the prior January 1 (lien date). The SLC must be filed with the property statement, or upon acquisition or disposal of land.

The SLC must be filled out in its entirety with all relevant data corresponding to the transaction shown in the appropriate spaces on the form. If the form is not completed correctly the preparer should expect a phone call or email from a Board representative for further information.

All new state assesseees must provide the following for all real property (land and improvements) owned or used by the assessee:

- a. Completed SLC BOE-551.
- b. One copy of all real property acquisition agreements.
- c. One copy of all real property lease agreements.
- d. Two copies of Land Identification Maps as discussed below. Blueprints of project land may be a suitable alternative. Please contact the State-Assessed Properties Division for assistance.

### **2. Leased Properties**

In the case of a new lease of privately owned land (leased) or publicly owned land (possessory interest), a description of the terms of the lease shall be given, including the amount of the current rental, the term of the lease, and renewal options, if any. Any improvements being leased shall be itemized. A copy of the building plan should be included for newly-leased structures.

Whenever there is a renewal of a lease, a new SLC shall be filed with the State-Assessed Properties Division. A brief description of the terms of the renewal shall be given, including the amount of the rental and the new expiration date. The SLC should be clearly marked “Lease Renewal.”

If one state assessee (sub-lessee) leases property from another state assessee, the sub-lessee shall report the leased property on a SLC. The property will not be assessed to the sub-lessee.

A ground lease for a portion of a legal parcel (partial lease) for facilities such as cellular telephone sites, microwave sites, repeater sites, substation, etc., shall be reported.

A lease of a portion of office or commercial space within an existing building, rooftop space for communications equipment, or vault space within an existing privately owned communications facility should not be reported. State assessee owned or used equipment at this location should be included in the Property Statement.

### **3. Partial Interests**

The following variations are applicable to particular kinds of partial interests in land:

- a. In listing an undivided interest in a parcel, the total area of the parcel shall be shown together with the nature and extent of the assessee’s interest, and the names of the other owners.
- b. In listing a special interest in a parcel, such as oil rights only, or a full interest except for oil rights, the nature and extent of the interest shall be shown.

- c. In listing water rights, descriptions shall include the name of the granting agency, the tax situs, the quantity of water use allowed by the water right, the use to which the water will be put, and any other information deemed necessary. The Land Identification Map and parcel number shall be shown if the situs is at a parcel.
- d. In listing miscellaneous rights in land not covered above, the rights shall be fully described.

**4. Land Identification Maps**

Land Identification Maps shall be reported in duplicate for new parcels being reported for the first time this year. Each map shall clearly show the following:

- Parcel dimensions.
- Arrow pointing to the north direction.
- Official recognized reference points such as: section, township and range lines, street or road names, or assessor’s parcel number.
- Scale of map (for example, 1 inch=100 feet). This will allow staff to verify the size of the parcel.

Each parcel on a map shall be assigned a map and parcel number by the assessee as outlined below. The SBE parcel number shall be unique and used only once in a county. The following is an example of the four-part numbering system required by the BOE:

- 1100-34-06 Parcel 01.
- 1100 represents the unique assessee number assigned to your company by the State-Assessed Properties Division.
- 34 represents the county number for Sacramento County. There are 58 counties in California with a unique county number assigned by the State-Assessed Properties Division. Please refer to [Appendix A, Listing of California Counties](#), to determine the correct county number.
- 06 represents the map number assigned by you.
- 01 represents the parcel number assigned by you.

For state assessees reporting for the first time, please use the following numbering sequence:

The first parcel should be as follows:                   1100-34-01 Parcel 01

The second parcel should be as follows:               1100-34-02 Parcel 01

*Note:* If a parcel is located in two or more Tax Rate Areas, the parcel must be split into two or more parcels. (Refer to the Tax Rate Area at the end of this publication for additional information.)

Please contact the State-Assessed Properties Division at 1-916-274-3270 if you require assistance.

**F. Schedule of Intangible Information**

The [BOE-529-I](#), *Schedule of Intangible Information*, shall be used to declare intangibles. If intangibles are declared, they should be itemized and include a corresponding value. The basis of each value should also be described on the form.

If no intangibles are declared, check the box titled *No Reportable Intangibles*, or mark the “N/A” box on the front of the [BOE-517-LE](#) indicating nothing to be reported.

**G. Schedule of Franchise Fee Payments**

The [BOE-517-FF](#), *Schedule of Franchise Fee Payments*, shall be used to declare franchise fee payments for video and cable TV franchise for the use of public property located in California. The payments should be reported in total by county for the prior calendar year.

If no video and cable TV franchise payments were made for the prior calendar year, enter “none” in column B and return the form with your property statement filing.

## H. Schedule of Leased Equipment

Personal property or equipment in the possession of the assessee which is rented or leased is to be reported on [BOE-600-A](#) or [BOE-600-B](#). All equipment which the state assessee (lessee) is obligated by the terms of the lease to report for ad valorem tax purposes shall be listed on BOE-600-A. Equipment for which there is not a written understanding between the state assessee and the lessor as to which one is to report the property for assessment shall also be included on BOE-600-A. Property leased from an entity described in Revenue and Taxation Code section 235 (financial corporation) must be reported on **BOE-600-A** notwithstanding the terms of the lease with respect to payment of the property taxes. All equipment listed on BOE-600-A should also be included in the Tangible Property List.

All equipment which, either by the terms of the lease or by a written understanding between the state assessee and the lessor, the lessor is to report to the local assessor for assessment to the lessor on BOE-600-B and shall NOT be included in the Tangible Property List. BOE-600-A and BOE-600-B for reporting leased personal property or equipment may be obtained from the State-Assessed Properties Division.

Additional instructions are printed on the reverse side of each form.

## I. Fiber Optic Miles of Right-of-Way

[BOE-534-FO](#), *Schedule of Miles of Fiber Optic Right-of-Way*, should be used to report annually to the State-Assessed Properties Division, the number of miles of California fiber optic right-of-way (ROW)/easements. The assessee is not required to report fiber optic ROW on BOE-551, *Statement of Land Changes*.

For reporting purposes, fiber optic right-of-way is defined as any land or partial interest in land owned or used for the purpose of laying or placing fiber optic cable in order to transmit voice, data, or video signals. The term "used by" shall include land leased by a state assessee from private parties (leased) or government agencies (possessory interest). A right-of-way is created when fiber optic cable is installed on a pole, buried in the ground, or laid on the surface of the ground.

If you do not own or use any fiber optic ROW, check the box titled **No Property Interest**, on BOE-534-FO.

When completing BOE-534-FO, the following information should be provided:

- Lien date (year)
- Assessee Name
- SBE Number assigned to your company
- Number of miles, by county, of public ROW located in a public street or highway
- Number of miles, by county, of private shared ROW
- Number of miles, by county, of private ROW (Not Shared) and any taxable possessory interest (PI) not located in a public street or highway
- Total number of miles, by county
- Grand total of California ROW miles

### **Classification of Fiber Optic Right-of-Way**

Each mile of ROW shall be classified as public, private shared, or private not shared.

ROW located above, below, or along a public street or highway shall be classified as public. Private ROW shall be any remaining miles. Private ROW cost should be reported on Schedule B of [BOE-517-LE](#) with the account number used by the company to identify the cost.

Report only permanent ROW. Do not report any temporary parcels used for construction of the fiber optic system.

All miles are route (not fiber) miles and should be the total linear miles in, on, or along the ground. Do not include any miles located in a building.

For reporting purposes, report only owned ROW. Do not report ROW used for fiber swaps and exchange of capacity.

The following table should be used as a general guideline in classifying ROW. It does not represent a complete list of the numerous and varied land rights and agreements. Please check with your engineering and/or real estate staff for assistance in classifying ROW miles.

Type of Property	Public Street/Hwy	Private Shared	Private Not Shared
Fee Simple		YES	YES
Leased		YES	YES
ROW and Easement Agreement		YES	YES
In Public Street or Highway	YES		
Taxable PI ( <i>not in public street or hwy</i> )			YES
Indefeasible Right to Use (I.R.U.) Agreement	YES	YES	
Fiber Swaps or Exchange of Capacity Agreement ( <i>Report owned ROW only. Do not report used ROW.</i> )		YES	YES

## J. Other Information

Instructions for reporting other information (Items 8a through 8i on Page 1 of BOE-517-LE) are provided on Page 2 of BOE-517-LE. If a requested item does not apply, please so state.

## K. Miscellaneous Items

### 1. Stockholder’s Reports and Reports to Regulatory Agencies

Copies of reports to stockholders and reports to regulatory agencies shall be submitted to the State-Assessed Properties Division as set forth in the instructions to state-assesseees included with BOE-517-LE, *Property Statement*.

### 2. Foreign Improvement Lists

Each state assessee shall annually file a statement attesting to the separate ownership of improvements located on land owned by the assessee, with the assessor of each county where such property is located, and shall furnish a copy of the statement to the State-Assessed Properties Division.

### 3. Construction Work in Progress

Construction Work in Progress (CWIP) should be reported as follows:

- a. **Preliminary engineering costs as part of taxable CWIP**—Preliminary engineering costs are those costs incurred prior to the commencement of a construction project such as feasibility studies, architectural drawings, and engineering studies. Preliminary engineering costs may also include architectural and engineering costs incurred during the construction phase of the project, providing they relate to the overall project rather than to the portion of the project currently being constructed. These costs should be metered in as part of taxable CWIP based on the percentage of completion as of January 1. Ideally, this completion percentage should be based on an engineering estimate. However, if an engineering estimate is not obtainable, a completion percentage based on the incurred costs of construction including overhead to January 1, divided by the estimated total costs for the project will be accepted.
- b. **Overhead costs as part of taxable CWIP**—The reported amount for CWIP should include the proper loading for overhead costs. Overhead costs are indirect labor, injuries and damages, taxes, general and administrative expenses, and overhead loading such as Allowance for Funds Used During Construction (AFUDC). The reported CWIP for California is considered to be properly loaded with its respective amount of taxable overhead costs when:
  - (1) The taxable overhead costs are traceable to the taxable property; or

- (2) The taxable CWIP is loaded with its proportionate share of overhead costs based on the percentage of the job's incurred taxable costs including the metered in preliminary engineering costs to the total expenditures as of the lien date. This percentage is expressed as:

*Taxable costs to date before overhead loading*<sup>1</sup>

Total costs to date before overhead loading

c. CWIP should be reported in two categories:

- (1) CWIP representing construction of new facilities
- (2) CWIP representing replacement of existing facilities

If precise dollar amounts for the two categories of CWIP are not available, percentages may be reported with an explanation of how the percentages were derived.

d. All CWIP must be included in the TPL.

#### **4. Book Cost**

The book cost of an asset should include all the capitalized costs of placing an asset into service. These costs include but are not limited to:

- a. Purchase price.
- b. Sales and use taxes.
- c. Transportation charges.
- d. Installation charges.
- e. Construction period finance charges.
- f. Construction period opportunity costs.
- g. Engineering and design costs.

If the book cost being reported does not include these capitalized costs or other capitalized costs that were incurred in order to place assets into service, report such costs on a separate schedule.

If any of the costs referred to above are being expensed, report such costs on a separate schedule.

Self-constructed equipment and buildings:

The book cost of self-constructed equipment and buildings should include all the costs referred to above. The book cost should be the cost that an unrelated party, bearing the full economic burden, would charge to place an asset into service. If any of these costs were not incurred as a cash expenditure, impute an economic (prevailing rate at the time of construction) dollar amount and report such amounts on a separate schedule.

#### **5. Exempt Software**

Pursuant to Revenue and Taxation Code [section 995](#), storage media for computer programs, such as hard drives, shall be valued for property tax purposes as if there were no computer programs on such media other than basic operational programs. In other words, computer programs other than basic operational programs are not subject to property tax. Revenue and Taxation Code [section 995.2](#) defines the term "basic operational program." All software programs not considered "basic operational programs" may be referred to as "exempt software programs" or "nontaxable programs." It is the assessee's responsibility to identify and remove all exempt software program costs from taxable accounts and report these costs separately to the State-Assessed Properties Division on the Schedule B and Summary Control portions of the Property Statement.

All reported costs of exempt software programs are subject to audit. In support of an assessee's claimed software exemption, [Property Tax Rule 152 \(f\)](#) states, "A person claiming that a single-price sale or lease includes charges for nontaxable programs and services should be required to identify the nontaxable property and services and supply sale prices, costs or other information that will enable the assessor to make an informed judgment concerning the proper value to be ascribed to taxable and nontaxable components of the contract." *Other information* can include, but is not limited to, a detailed study from the manufacturer of the equipment. [Property Tax Rule 152 \(e\)](#) also states, in part, "the assessor, lacking evidence to the contrary, may regard the total amount charged as indicative of the value of taxable tangible property."

<sup>1</sup>Taxable costs to date, less nontaxable preliminary engineering and less any other nontaxables such as prepayments for out-of-state equipment.

## 6. Tax Rate Areas

Each county in California is divided into taxing districts, or a combination of taxing districts called Tax Rate Areas. Geographic boundaries form the Tax Rate Area within a county and are assigned a unique Tax Rate Area number used in that county. The Tax Area Services Section (TASS) maintains the boundaries of all Tax Rate Areas and assigns the Tax Rate Area number. The purpose of the Tax Rate Area is to help the local counties to determine the property tax amount by applying a specific Tax Rate, corresponding to the Tax Rate Area where the property is located, to the assessed value of that property.

Tax Rate Area maps are available for download on the BOE website. Information regarding the Tax Rate Area number for a specific location can be obtained from the Tax Area Services Section. Any questions or requests should be directed to Tax Area Services Section, PO Box 942879, Sacramento, California 94279-0059, or by telephone at 1-916-274-3250, or email at [tass@boe.ca.gov](mailto:tass@boe.ca.gov).

## II. List of Available Publications

- 67EG *Electric Generation Companies*
- 67GE *Gas, Electric and Gas Transmission Companies*
- 67LE *Telephone Companies—Local Exchange Carriers*
- 67PL *Intercounty Pipelines and Watercourses*
- 67RF *Railcar Maintenance Facilities*
- 67RR *Railroad Companies*
- 67TC *Telecommunication Carriers*
- 67TR *Telecommunication Resellers*
- 67WT *Wireless Telephone and Radio Common Carriers*

Copies of the above listed publications may be obtained by writing to:

California State Board of Equalization  
State-Assessed Properties Division, MIC:61  
PO Box 942879  
Sacramento, CA 94279-0061

Or by logging on to the BOE website at [www.boe.ca.gov](http://www.boe.ca.gov).

## III. Appendices

### Appendix A. Account Prefix Table

Prefix	Description
C	Common
D	Private Rail Cars
E	Electric
G	Gas
M	Radio Common Carrier
P	Pipelines
R	Railroads
S	Steam
T	Competitive Local Exchange Carriers
T	Competitive Access Providers
T	Interexchange Reseller
T	Interexchange Telephone
T	Local Exchange Telephone
T	Wireless
W	Water

## Appendix B. List of California Counties

COUNTY NUMBER	COUNTY NAME
1	ALAMEDA
2	ALPINE
3	AMADOR
4	BUTTE
5	CALAVERAS
6	COLUSA
7	CONTRA COSTA
8	DEL NORTE
9	EL DORADO
