2. Overview of Proposition 15

Comment:

I support Prop 15 because is an important piece of helping California have a stable recovery from the current economic crisis. It will provide increased stable funding for the critical services that build our strong communities -- everything from libraries to infrastructure to public health to running elections. You -- the Board of Equalization -- have a critical role in ensuring that Prop 15 is implemented fairly and effectively, and that it is enforced. Please support this important measure on the November ballot. Sincerely, Helen Hutchison Oakland, CA
