Prop 15 is the WRONG way to increase tax revenues for the state. The higher property taxes on buildings will be passed along as higher rent for tenants and higher prices for the products and services sold to consumers all across the state. Higher prices for everything Californians buy will only hurt the people, especially low income people. This is not a good idea, especially for the immediate future when we need every economic incentive possible. Please do not push this initiative forward. Thank-you. D.M. Ray Spring Valley, CA 91977
