Regarding rules for Prop 19, are there any exceptions to Prop 19 and Prop 58? Question: If a child has a severe disability and with regards to Prop 58, is this an exception to Prop 19? For instance, after Feb 16, 2021 would the child with a severe disability be grandfathered in with Prop 58 and therefore Prop 19 would not apply to the child with a sever disability?
