Allowance of Two Veterans' Exemptions, where Husband and Wife are Qualified Veterans, on the Same Home

In your memorandum of July 14, you asked for an opinion as to whether or not the allowance of two veterans' exemptions, where the husband and wife are qualified veterans, would be available on the same house. I am attaching a copy of two Attorney General's opinions, one dated November 17, 1925 and April 13, 1925, which I believe answers this specific question.

In the April 13 letter it concluded that the allowance of the two exemptions are okay.

Since the substance of the veterans' exemption has not been changed since the issuance of these attorney general opinions I have no question regarding the validity at this date.
