TO COUNTY ASSESSORS:

**2015-16 CALIFORNIA CONSUMER PRICE INDEX**

Revenue and Taxation Code section 51 provides that base year values determined under section 110.1 shall be compounded annually by an inflation factor, not to exceed 2 percent. Section 51(a)(1)(C) provides that, for any assessment year commencing on or after January 1, 1998, the inflation factor shall be the percentage change, rounded to the nearest one-thousandth of 1 percent, from October of the prior fiscal year to October of the current fiscal year in the California Consumer Price Index (CCPI) for all items, as determined by the California Department of Industrial Relations.

Information from the Department of Industrial Relations shows that the CCPI increased from 242.633 in October 2013 to 247.481 in October 2014. Rounded to the nearest one-thousandth of 1 percent, this is an increase of 1.998 percent.

Accordingly, please prepare your **2015** assessment roll using an inflation factor of **1.01998**.

The final inflation factors announced for prior years are enclosed. If you have any questions, please contact our County-Assessed Properties Division at 1-916-274-3350.

Sincerely,

/s/ Dean R. Kinnee
