

**ORGANIZATIONS PROVIDING EDUCATIONAL OPPORTUNITIES
FOR APPRAISERS**

The California State Board of Equalization's Training and Certification Unit (BOE) has compiled a listing of some professional organizations that offer training opportunities for appraisers. In some cases, a course, seminar, or workshop that is offered by one of the organizations may have already been approved by the BOE for appraisal training credit for purposes of continuing education requirements for California property tax appraisers. The training coordinator of the County Assessor's Office may submit a request for course approval by submitting form BOE-745-A, *Request for Course Approval*.
